### **Cancellation Rules & Guidelines**

Everyone that has traveled knows how complex it has become. Rules and guidelines must be followed no matter how you choose to travel. At **Dot's Fun Time Tour's** we try to make our rules as customer friendly as possible. We deeply discount our tours to save you money on travel. Due to our low discounted pricing we do ask that you be flexible with your travel dates when making a reservation. We do not offer refunds on any tour due to change of plans, illness or doctors appointments. We will however offer any recoverable funds for cancellations due to sudden hospitalization and/or surgery. We must receive verifiable information no later than **2-weeks** after departure. We will reimburse to you any recoverable funds within **4-Weeks** after receipt and verification. Final payment for all tours is due **4-8 weeks** prior to departure depending on the tour selected. Final payment for all same-day turnaround tours is due **2-Weeks** prior to departure unless other arrangements have been made. We reserve the right to make changes to the schedule and/or itinerary at any time. We also reserve the right to reschedule any tour due to low passenger count or for any circumstances deemed beyond our control. Your reservation will be moved to the rescheduled date. If you are unable to travel on that date you will be issued a refund minus any administrative fee's or deposits.
