

#### **RESUMPTION OF MOTORCOACH TRAVEL:**

Prior to March "2020" motorcoach travel was in high demand. Then the whole world changed and we all know what happened after that. After a long eighteen months we've adapted to these changes to bring you the same outstanding motorcoach tour you were accustomed to. We no longer need to limit travel to essential trips only but we still need to follow safety protocols while onboard. Your health and safety have always been our number one priority and that will never change. As we continue these motorcoach tours we do so in complete compliance and recommendations of the CDC. Temperature checks will be conducted on each passenger prior to boarding. No one will be allowed on the motorcoach with an elevated temperature of 100.4 Fahrenheit or greater. Please Stay Home If You're Sick!

#### **FOR YOUR INFORMATION: (FYI)**

Our decision to switch to Windstar Lines was based on excellent customer service and experience. Windstar was rated the number #1 "2020" Motorcoach Operator of The Year with over 150 modern Van Hool motorcoaches. Windstar also has offices in Kansas City and ten other states including Las Vegas, Nevada and Orlando, Florida. A motorcoach is never too far away in the untimely event of a breakdown if it should ever occur.

#### **DID YOU KNOW:**

The FAA requires the air in a cabin of an aircraft to be exchanged a minimum of 15x per hour. Most airlines do 20. Van Hool motorcoaches exchange air 30-100x per hour! This provides added peace of mind for the passengers.

#### **ENHANCED CLEANING MEASURES:**

Motorcoach providers today are making it safer for you to travel with enhanced cleaning and sanitizing measures and informed employees. As of Monday August 3rd, passengers will be required to wear a facial covering where social distancing is not possible. This includes while waiting in line, during the boarding process, when onboard the bus, and when getting off the bus. If you have been fully vaccinated and are comfortable with your surroundings you may choose to remove your face covering only while seated. If you have not been vaccinated you must wear your face covering at all times.

#### **COVID-19 ASSUMPTION OF RISK:**

The novel coronavirus, COVID-19 has been declared a worldwide pandemic by the World Health Organization. The virus is believed to be spread mainly from person to person contact. People reportedly can be infected and show no symptoms at all and therefore spread the disease. As a result, state and local governments along with federal and state health agencies recommend social distancing and have, in many locations, prohibited the congregation of groups of people. By participating in any motorcoach with Dot's Fun Time Tours you agree to and understand that the number of people onboard may exceed the number of people recommended by the CDC and other organizations regarding the coronavirus. Board at your own risk as passenger seating may or may not allow for social distancing guidelines and other recommendations. Please Remember! Protect yourself and others Wear A Mask!
